RESTART YOUR HEART

Pain and loss are inescapable on this earth; fortunately, the Great Physician specializes in fixing hearts. Our participation is vital to recover, though, as Danny Gokey sings in "Tell Your Hart to Beat Again."

The song was inspired by a pastor asking to watch a cardiac surgeon - on of his congregants - in action. When the doctor attempted to restart the patient's heart after repairing it, the organ wouldn't cooperate. The surgeon knelt to speak to his patient: "We have fixed your heart. We have repaired it. There is nothing wrong with your heart. If you can hear me, I need you to tell your heart to beat again." And it did - because she did.

"You can get back up again," says Gokey, who faced loss when his first wife died. "You can move forward with your life, and you don't have to walk with a limp." God has fixed our hearts, Gokey says, but we need to recognize that - begin to hope again.

Good Morning! Welcome to worship, Christian education and fellowship as the body of Christ!
